

Telangana Blood Banks Dataset

We identified five verified blood bank entries in the focus districts from the Indian Red Cross Society (IRCS) official listings [41†L386-L389]. These include the IRCS blood centers in Bhadrachalam (Bhadradri Kothagudem district), Hanumakonda (Warangal district), Karimnagar, Nizamabad, and Hyderabad (Vidyanagar) [41†L386-L389]. All entries are categorized as “Blood Banks” and sourced directly from the IRCS Blood Centre directory. The IRCS page provides full address details and official contact numbers, which we use here without modification [41†L386-L389].

Quality Control

- **Total records found:** 5 (all for focus districts plus one adjacent district).
- **Verified records:** 5 (100%), all entries sourced from the official IRCS blood center directory [41†L386-L389].
- **Unverified records:** 0. None needed, since all data came from the IRCS official list.
- **District coverage:** Included districts – Hyderabad (1), Nizamabad (1), Karimnagar (1), Hanumakonda/Warangal (1), Bhadradri Kothagudem (Bhadrachalam) (1).
- **Missing districts:** No entry from Sangareddy or Secunderabad (none listed in IRCS for these). Nalgonda and other districts have IRCS centres but were outside the initial focus list.
- **Data quality issues:** Addresses and contacts are from the IRCS page and are considered authoritative. Latitude/longitude and Google Maps links are omitted (not directly available from the

source). No alternate phone or website was provided except as noted. All fields left blank where not in source.

- **Recommended additional sources:** For completeness, consult the state Blood Bank registry (e.g., e-Raktkosh), state health department listings or hospital blood bank directories, and district health department sites. However, the IRCS directory covers primary public blood centers.
